# Streamline operations, boost revenue & maximize the guest experience

Keep your hospitality business running at peak performance with Lodgical Solution, an intuitive, robust property management system (PMS) available to:

- All types of hotels and motels
- Condo hotels
- Vacation rentals
- Marinas
- Campgrounds
- Theme parks

Our PMS gives you access to your property and reservation information from an intuitive, all-in-one dashboard, enabling you to devote your time and energy to what really matters: your guests' stay.

Reservation Management for Hotels

Lodgical Solution PMS compiles your property and reservation data – including guest interactions, from check-in to check-out – making it easy to manage guest profiles, room assignments and billing, eliminating the risk of human error or overbooking.

Reservation Management for Non-Traditional Hospitality Businesses

Lodgical Solution PMS can provide reservation management and payment processing services for campgrounds, theme parks and marinas using our integrated PMS and POS, including:

- Buying theme park tickets or season passes online
- Enabling secure entry via wristband
- Payment processing using POS kiosks at properties with multiple guest touchpoints
- Check-in kiosks for contactless entry
- Reserve boat slips
- Reserve RV sites and campsites

## Integrated Booking Engine & Channel Manager

Optimize your distribution strategy with our optional booking engine and channel manager, giving you all the connectivity tools that you need to secure more bookings from 390+ online channels.

Integrated Solutions

Lodgical Solution integrates with leading software and hardware solutions for hotels and hospitality businesses, including:

- All major Central Reservation Systems (CRS)
- Revenue Management System (RMS)
- Point-of-Sale
- Payment Processing
- Connections to on-site hardware, from door locks, to HVAC systems, to phone systems, and more
